

Dehumidification Machine CATALOGUE 2021

DEHUMIDIFICATION MACHINE BT-019

This dehumidifier is well-suited for higher locations at temperatures of 5° - 32°C. It can extract as much as 80l(30°C - 80% Humidity) of moisture out of the surrounding air in only one day and has a rotary compressor.

The **BT-019** Dehumidifier has a robust metal housing.

Moreover, at the bottom of the device, there is wheels which allows the user a fast and easy transport to another place of action.

Why Choose Us?

- Energy Saving
- Silent Machine
- 2 Years Warranty
- 24/7 Technical Support

TECHNICAL SPECS

Power: 2.5kW

Refrigerant: 407C

Voltage: 220 Volt

Amper: Max. 12A

Capacity: 24.000 - 28.000 Btu

Compressor: 2.5HP

DEHUMIDIFICATION MACHINE BT-020

This dehumidifier is well-suited for higher locations at temperatures of 5° - 32°C. It can extract as much as 80l(30°C - 80% Humidity) of moisture out of the surrounding air in only one day and has a rotary compressor.

The **BT-020** Dehumidifier has a robust metal housing.

Moreover, at the bottom of the device, there is wheels which allows the user a fast and easy transport to another place of action.

Why Choose Us?

- Energy Saving
- Silent Machine
- 2 Years Warranty
- 24/7 Technical Support

TECHNICAL SPECS

Power: 3.3 kW

Refrigerant: 407C

Voltage: 380 Volt

Amper: Max. 12A

Capacity: 35.000 - 40.000 Btu

Compressor: 4 HP

DEHUMIDIFICATION MACHINE BT-021

This dehumidifier is well-suited for higher locations at temperatures of 5° - 32°C. It can extract as much as 80l(30°C - 80% Humidity) of moisture out of the surrounding air in only one day and has a rotary compressor.

The **BT-021** Dehumidifier has a robust metal housing.

Moreover, at the bottom of the device, there is wheels which allows the user a fast and easy transport to another place of action.

Why Choose Us?

- Energy Saving
- Silent Machine
- 2 Years Warranty
- 24/7 Technical Support

TECHNICAL SPECS

Power: 5.5 kW

Refrigerant: 407C

Voltage: 380 Volt

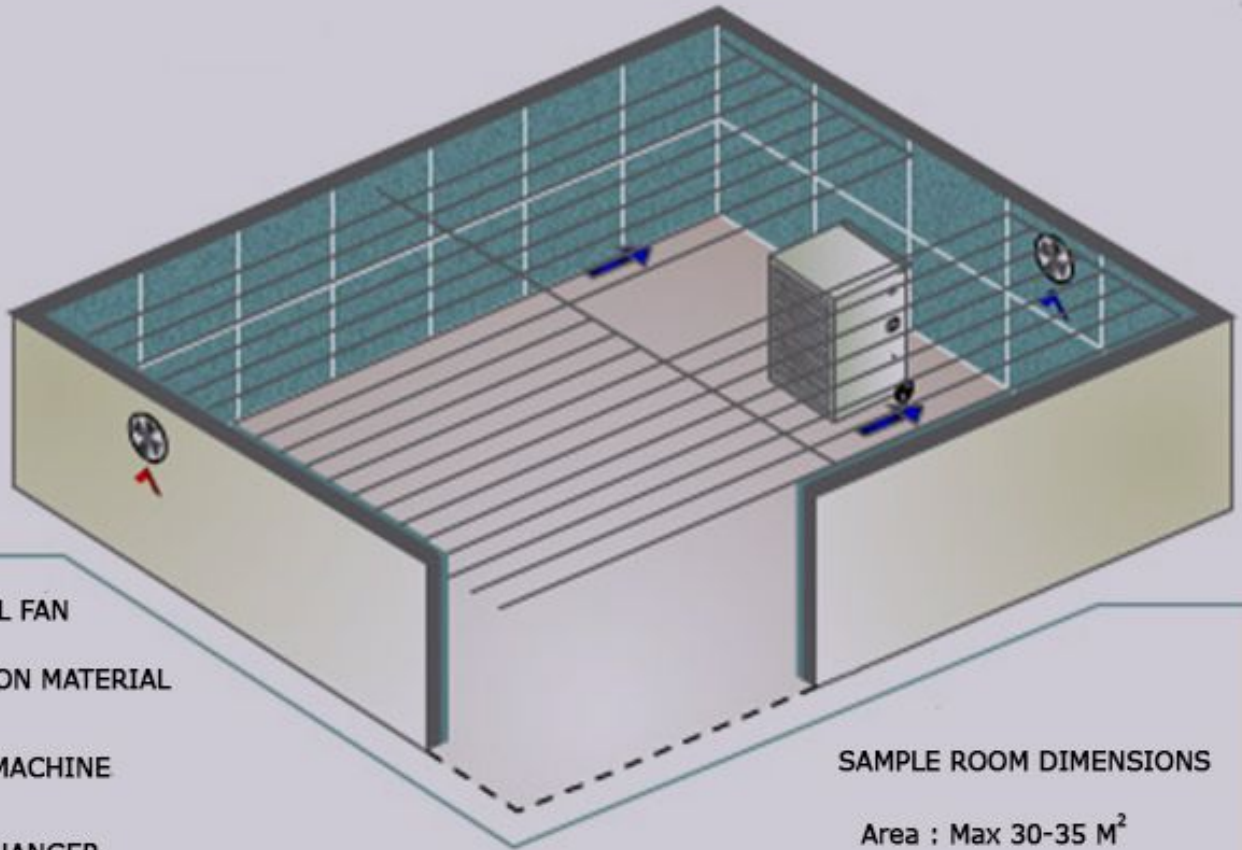

Amper: Max. 12A

Capacity: 55.000 - 65.000 Btu

Compressor: 6 HP
